GPS enabled, Mobile Digital Recorder

Welcome to the NU-TEC Mobile Digital Recorder that records more than just what it sees.

The NT-400GPS is the perfect solution for mobile application needs. It features a superior image quality, easy to use VCR style controls and a rugged construction that will withstand high level of vibrations and humidity. On top of this, the NT-400GPS is GPS enabled so you can record precise locations and speed for every image recorded.

The NT-400GPS is ideal for use in buses, cars, police vehicles, or any application requiring a rugged digital recorder with GPS locations. Video and audio can be recorded at speeds up to 60/50 fields per second (NTSC/PAL).
